## **NOTICE OF MEETINGS**

On Thursday, August 25, 2011, the Little Hoover Commission will hold a public hearing on information technology governance. The hearing will be at **9 a.m. in Room 437 of the State Capitol.**

The hearing will serve as an update for the Commission following studies it conducted in 2008 and 2009 on the state's coordination of information technology services. The earlier studies helped establish the Office of State Chief Information Office, known today as the California Technology Agency.

At the August 25, 2011, hearing, the Commission will hear an update on the governance changes from the secretary of the California Technology Agency. Next, the Commission will hear updates on major IT initiatives from representatives of the following five projects:

- Financial Information System for California (Fi\$Cal);
- Human Resources Management System (21<sup>st</sup> Century) Project;
- Unemployment Insurance Modernization (UI MOD);
- California Medicaid Management Information System (CA-MMIS);
- California Longitudinal Pupil Achievement Data System (CALPADS).

Representatives of the Legislative Analyst's Office and California Technology Agency also will participate in the discussion. Finally, California State Auditor Elaine M. Howle will discuss how information technology remains a high-risk issue in state government.

There will be an opportunity for public comment at the end of the hearing. The Commission also encourages written comments. Immediately following the hearing, the Commission will hold a business meeting in the Legislative Counsel Conference Room in the lower level of 925 L Street, Sacramento.

All public notices for meetings are on the Commission's Web site, [www.lhc.ca.gov](http://www.lhc.ca.gov). If you need reasonable accommodation due to a disability, please contact Stuart Drown at (916) 445-2125 or [littlehoover@lhc.ca.gov](mailto:littlehoover@lhc.ca.gov) by Thursday, August 18, 2011.
